

B priedas. Straipsnių skaičius ir žurnalų pavadinimai Clarivate Analytics Web of Science duomenų bazėje pagal raktinius žodžius (didžiųjų duomenų gavyba + nekilnojamasis turtas)

B.1 lentelė. Straipsnių skaičius ir žurnalų pavadinimai Clarivate Analytics Web of Science duomenų bazėje pagal raktinius žodžius (didžiųjų duomenų gavyba + nekilnojamasis turtas) (sudaryta autorės)

Table B.1. Number of articles and journal titles in Clarivate Analytics' Web of Science database by keywords (big data mining + real estate) (created by the author)

Žurnalo pavadinimas	Straipsnių skaičius
Computer Science Artificial Intelligence	23
Computer Science Information Systems	23
Computer Science Theory Methods	18
Economics	15
Construction Building Technology	11
Management	11
Business Finance	9
Engineering Electrical Electronic	8
Operations Research Management Science	8
Computer Science Interdisciplinary Applications	7
Engineering Industrial	6
Engineering Civil	5
Geography	5
Business	4
Computer Science Software Engineering	4
Planning Development	4
Computer Science Hardware Architecture	3
Engineering Multidisciplinary	3
Environmental Sciences	3
Public Environmental Occupational Health	3

B.1 lentelės pabaiga

Žurnalo pavadinimas	Straipsnių skaičius
Architecture, Biotechnology Applied Microbiology, Engineering Environmental, Food Science Technology, Geochemistry Geophysics, Geosciences Multidisciplinary, Green Sustainable Science Technology, History, Information Science Library Science, Mathematics Applied, Mining Mineral Processing, Political Science, Public Administration, Robotics, Sociology, Statistics Probability, Telecommunications	1
Area Studies, Automation Control Systems, Environmental Studies, Geography Physical, Mathematics Interdisciplinary Applications, Social Sciences Interdisciplinary, Urban Studies, Architecture, Biotechnology Applied Microbiology	2
